

WHAT'S NEW IN AP?

Join Codes & AP Classroom

CollegeBoard has created a platform similar to that of Google Classroom, but full of resources in order to help students succeed in the classroom and the exam in May. Within the first week of the course, students are given a “join code” that allows them to join a dashboard with their teacher and fellow classmates. Once on the dashboard, students will have access to progress checks, practice exams, reviews / study aids, and so much more!

Each teacher is different and will use these resources differently. Be proactive and use the access you have to improve your skills and understanding.

Exam Administration Updates

Administration of exams in May will remain the same, but there will be a few changes.

- Students will sign up on myAP and register for the exam and then be asked to confirm their choice with a signature or initials on hard copy.
- There will no longer be any pre-administration (bubbling) sessions as they will not be needed.

Fees

Cancelled Exams: \$40.00

Late Exam: \$45.00

Deadlines

There are **NEW** deadlines for signing up for AP exams.
